How will future EU regulation impact our landscape? Do you know how this may affect you?

This seminar is targeted for all members and market participants who have an active role in Commercial Real Estate (CRE) securitisation, syndications and capital market finance. As there has been a vast amount of speculation regarding the future shape of the global capital markets, CMSA-Europe felt that participants should be fully aware of the latest European Union regulatory proposals and how industry associations are working together to restore confidence in the industry.

Topics include:

- Reviewing the latest EU regulatory proposals regarding securitisation and credit rating agencies
- Reviewing the latest industry initiatives
- Outlook for future regulation and market impact
- How new proposals may effect existing and future of CRE transactions

19:15 – 20:30 *Networking Reception*

Speakers: Clive Bull, Director, European Commercial Real Estate Group, Deutsche Bank
Nick Collier, Government Relations, Morgan Stanley
Gordon Haskins, Head of Transaction Execution, Securitisation, Royal Bank of Scotland
